

Do you take a earner driver out for extra practice sessions?

Have you heard about Lancashire County Council's FREE Pre Pass Support Scheme?

What is it?

The FREE award-winning course is designed to help anyone who takes a Learner driver out for extra practice sessions. It will help mentors understand how they can provide the best support and advice for the Learner.

When and where is it?

The Road Safety Group now offer the course EVERY SATURDAY starting on Saturday 20 June 2009 at a dedicated training centre in Leyland.

How much does it cost?

Nothing! The course is totally FREE. We will also provide you with a FREE lunch and refreshments.

What happens on the course?

There will be a theory and practical session which both the Learner and Accompanying Driver can attend. The course will give friendly support and advice so you both get more out of extra practice sessions.

Contact us now to book your place on the FREE course.
